(QUEENS, NY) September 14, 2023 - The **Queens Chamber of Commerce** has announced the 12 outstanding construction projects that will be honored at its 2023 Building Awards Gala on October 12 at Terrace on the Park. The evening will celebrate excellence in the construction and design of building projects in Queens.

The Queens Chamber of Commerce has hosted a Building Awards ceremony since 1926. For over 95 years, business and community leaders have gathered to honor buildings and projects that have contributed to the architectural betterment of Queens and keep the borough vibrant, sustainable, and livable.

“Over the years, our borough has evolved and changed, but it continues to flourish thanks in large part to the real estate and development community, who continue to bring new and exciting projects to Queens. We look forward to coming together to honor these talented architects and builders – as we have done for nearly a century – at our 2023 Building Awards Gala at Terrace on the Park, said **Tom Grech, President and CEO of the Queens Chamber of Commerce**.

If you are interested in purchasing tickets or would like to learn about sponsorship opportunities, you can find out more on the Queens Chamber of Commerce's [website](#) or email Rae-Anna Persad at rpersad@queenschamber.org.
